Elvio Chiricozzi

Kunst am Bau

Die "Vogelschwärme" aus ausgestanzten kleinen Papierschwaben von Elvio Chiricozzi beleben Innenräume. Auf Holzplatten oder Leinwände montiert werden sie den vorgesehenen Wandgrößen angepasst. Je nach Anbringungsort und Anzahl der Vögel kann die Wirkung variiert und individuell abgestimmt werden.

Work in progress

The "Flocks" – painted from Elvio Chiricozzi on little punched paper doves – stimulate the interior spaces. Set up on wood sheets or on canvas screen, they adapt themselves to the intended dimensions of the walls. Depending on place of installation and number of the birds the effect can change to become matching.
